About BAR49

Much is known about the role played by the airfields of Lincolnshire during World War II, including the famous Dambuster's Raid made by Guy Gibson and his 617 Squadron from RAF Scampton.

What is less well known is that by the end of World War II, Lincoln had become a world leader in aircraft production.

During World War II, Lincolnshire became known as "Bomber County" due to the fact that it was home to a large number of airfields – 49 to be exact, which is more than any other county in England.

Today, Lincolnshire is the location of the Royal Air Force Central Flying School and the Royal Air Force Acrobatic Team "The Red Arrows".
